Church

(Continued from page three.)

Services at the First Presbyterian

Church. Reverend Jnc. A. Wood, paster of the First Presbyterian church of Cauton, Miss., will occupy the pulpit of both morning and evening services.

Holiday on Friday.

The students of the city schools ing circus day. When given their Club please meet with us? choice between Tuesday and Friday, being kids and therefore "human," they chose circus day.

JUNIOR RED CROSS.

chairman of all the schools of the this city this week: county that had secured imier memberships the past week.

It was agreed that the local funds be directed to the aid of the tubercular children of Lowndes county. The following were present at the meeting: New Salem, Mrs. Lucy Caldwell; Plymouth, Mrs. J. F. Bridges; Dunbar, Mrs. J. C. Golding: Barrow School, Misses Eckford. Locke, Byrd and Mosby and Mrs.

LEE HIGH WINS.

Last Friday afternoon the Lee High eleven attled the heavy Amory aggregation to a tie. Each team Springs. failed to kick goal after touchdown by a very close margin. The game was hard fought through the entire contest. The home team made their touchdown in 3 minutes of play in the first quarter and it appeared to be an easy task but the Amery eleven seemed to strengthen on the defensive and succeeded in holding in several instances which seemed to be sure chances of another touchdown. Amory was unable to gain much except on forward passes. Their offensive work in passing proved to be very effective. The entire team for Columbus showed wonderful aggressiveness, both on the defensive and offensive. Each player deserves favorable mention for his work.

'Myricks and Atkins showed exceptional bull dog fighting on the defensive and Hood and Ed Lindamood were the outstanding stars on the offensive. The latter named half back wonderful end run of 20 yards for the lone touchdown.

The Mothers Meeting.

The mother's reating, held last Wednesday afternoon, at the Barrow school, was a conspicuous event in Parent-Teacher's annals. The meeting was presided over by the newly elected president, Mrs. J. L. Walker, and an interesting program was given. The invocation, by Reverend E. Lucien Malone was followed by a song and tooth brush drill by the second grade. Little Miss Dorothy Smith of the second grade rendered a piano number, a lullaby.

Mrs. A. A. Breast, the Parent-Teacher's delegate to the State Conventice at Gulfport, then read the report from the convention. It was a pleasure to the zealous workers of the association to learn that the reports from Columbus were excelled by but one other city in the State.

Fire Drill.

On last Wednesday, the Barrow school had one of its series of Fire Drills, and the three hundred children succeeded in evacuating the building in the and one-half minutes. These drills, conducted according to New York city school regulations, are to be held at regular intervals throughout the session.

Parent's Week.

The Barrow school has decided to devote the first week in December as Parent's Week. During this week the parents of the pupils who attend the Barrow, are requested to visit the school, to inspect the methods and the work done and meet the teachers. The experiment, made last spring, was so successful that it was decided to devote a week in the fall to the same purpose.

Junior Red Cross Workers.

The Chairmen of the schools of the county that have secured Junior Red Cross membership, met Saturday morning at eleven o'clock at the S. D. Lee High school to hand in their reports and get new literature. The business session was followed by a social hour and lunch.
